CUSTOMISED CARTONS

We are able to make up any size carton (plain or printed) to meet your specific needs.

CARTON STYLES

Regular Slotted Carton

All flaps have the same length, and the two outer flaps (normally the lengthwise flaps) are one-half the container's width, so that they meet at the center of the box when folded. If the product requires a flat, even bottom surface, or the protection of two full layers, a fill-in pad can be placed between the two inner flaps.

Full Overlap Carton

All flaps are the same depth, and their depth equals the width of the box. The flaps at the ends are extended so as to double over one another affording improved strength and carrying capacity. Tall boxes with a small cross sectional area (length x width) in relation to the height use FOLF to ensure box shape and rigidity. These boxes are therefore resistant to rough handling

Telescoping Tray

This consists of a lid which slides over a base. Additional strength can be achieved when the lid extends fully to cover the base. The height can be increased due to the telescopic nature of the product, allowing for varied internal volume.

Rentainer

Rentainers are a cost-effective solution for bulk shipping or replacing wooden crates. They consist of a sleeve and two end caps.

CODE	L x W x H (mm)
007A	680 x 650; height on request
007B	680 x 650 x 300
008A	1100 x 920 x 550
008B	1100 x 920 x 300
008C	1100 x 920 x 750
0013A	1550 x 1100 x 1200
0013D	1550 x 1100 x 700

PRINTED AND NON-PRINTED AVAILABLE

EDGE BOARD PROTECTORS

Made up of multiple layers of paper laminated together to form rigid right angle and cut to specific length for hand application. Edge protectors assist in protecting your product from strapping damage.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

FLAT SHEETS

We offer customised design solutions to meet your product needs. Our range includes various grades of single-face (SFK), single-wall and double-wall corrugated board. Suitable for protecting packages, storing items, interleaving and separating products.

FLAT-SH-1850	1850 X 900 (SWB)
FLAT-SH-1850DWB	1850 X 900 (DWB)

STOCK CARTONS

Single Wall Board, Double Wall Board, TVL

These are ideal for storage; transporting your goods or even if you are moving.

Stock 1 SWB	150 W x 100 L x 100 H
Stock 2 SWB/DWB	230 W x 150 L x 150 H
Stock 3 SWB/DWB	250 W x 150 L x 250 H
Stock 4 SWB/DWB	300 W x 230 L x 300 H
Stock 5 SWB/DWB	450 W x 300 L x 300 H
Stock 6 SWB/DWB	610 W x 450 L x 300 H
Stock 7 SWB/DWB	450 W x 450 L x 300 H
TVL Stock 2 SWB	500 W x 450 L x 145 H
TVL Stock 4 SWB	300 W x 230 L x 300 H
TVL Stock 6 SWB	500 W x 400 L x 450 H
TVL Stock 9 SWB/DWB	500 W x 400 L x 655 H
TVL Stock 12 SWB/DWB	500 W x 400 L x 780 H

Hanger Cartons

These boxes are used for safeguarding clothes in transit or storage and it works with a hanger rod that fits securely into a box and enables you to hang your garments up.

The rods are sold separately.

Length : 558mm
Width : 432mm
Height : 1012mm

File Cartons

We carry on hand boxes for storage and archiving of paperwork.

Well suited for the office environment often acquired by lawyers and insurance companies.

We can make them up to any size and board specification.

Length : 210mm
Width : 210mm
Height : 285mm

AIR PAD FILM

An extremely versatile and durable packing product made with the same film process as Void Film air pillows.

Each perforated section is divided into air chambers making it flexible enough to wrap, bend and fold the film around products for multiple uses and optimum protection.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

BIN LINERS

We stock both clear and black refuse bags.

Available in Heavy and light duty.

Size: 750 mm W x 950 mm L

CUSTOMISED TO CLIENTS' SPECIFICATIONS

BUCKETS AND JERRY CANS

Up to 1 lt Jerry Cans.

250 mL bucket
500 mL bucket
1 L bucket
2 L bucket
5 L bucket
10 L bucket
20 L bucket
25 L bucket

CARRIER BAGS

These carrier bags are made from high-density polyethylene, which gives the bag considerable strength.

These bags are produced to government specification and legislation and are 30 µm in thickness.

Our stock lines are plain white, yet a specialised order may be requested for print options on these bags.

Mini Carrier Bags	210 (140) x 440
Handy Carrier Bags	235 (140) x 550
Maxi Carrier Bags	280 (160) x 545

CUSTOMISED TO CLIENTS' SPECIFICATIONS

CLEAR STOCK BAGS

These clear stock bags are made from Virgin grade polythene, making these suitable to be used with food products. These bags are available in 25 and 50 µm.

Various closure methods can be used for these bags, such as heat sealing, taping or wire ties.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

PLASTICS

RENNOW PROJECTS

PRINTED AND NON-PRINTED RECYCLED, CLEAR RECYCLED AND VIRGIN

COURIER DOCUMENT BAGS

Courier bags are made from recyclable material, are puncture resistant and have a document pouch and a permanent adhesive flap.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

PALLET WRAP

We stock a variety of cast / co-ex and mono layer blown stretch films.

They can be manufactured to any colour, length, width and thickness.

Can be supplied on standard 76.6 mm core or 40 mm extended core

Hand and machine pallet wrap is available in standard and custom widths, thicknesses and core sizes.

PLASTIC BAGS CUSTOMISED

- Block Bottom Bags
- Bottom Sealed Bags
- Perforated Bags
- Side Sealed Bags
- Spine Sealed Bags

Contact us to discuss suitable handle styles, thicknesses and colours for your custom bags.

SHEETING & TUBING

Sheeting is often used to protect the tops of pallets from moisture and dirt. Lay-flat material can be customised for form-fill-and-seal machines, with printing options available. This can be an alternative to individual pouches.

Tubing is useful if you have various sizes of products you wish to package. Instead of purchasing many different size plastic bags, you can decide on the length of the bag you require by sealing and cutting off at the interval you need with a heat sealer and cutter.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

SHRINK FILM & ULTRA SHRINK FILM

Shrink film is used for more industrial type packaging. Common uses are to shrink cold drink cans and bottles, cartons of eggs. LDPE Shrink may be customised to various widths and thicknesses, however we cannot go thinner than 35 µm and the narrowest is 70 mm.

Ultra Shrink films are ideal for high clarity and display value applications. These films are used on picture frames, games, mobile phones and many other products.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

RENNOW PROJECTS

PRINTED AND NON-PRINTED RECYCLED, CLEAR RECYCLED AND VIRGIN

UPHOLSTERY BAGS

We offer a variety of these massive bags for the packaging of:

- Couches
- Cupboards
- Single mattress
- Double mattress
- King mattress
- Queen mattress

or any other large products.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

VACUUM BAGS

Vacuum bags are manufactured from polyurethane or vinyl materials. Used for vacuum packaging whereby oxygen is removed from the bag to extend shelf life of a product.

This also reduces the volume of the contents of the package.

STANDARD BAGS NOT CUSTOM

ZIP LOCK BAGS

Mini Grips or Zip lock bags are manufactured from LDPE (Low Density Polyethylene). They are relatively clear in appearance with various uses. Mini Grips are Often used for products such as pharmaceuticals and hardware.

Seal at the top with a zip lock.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

PROTECTIVE WRAPPING

RENNOW PROJECTS

PRINTED AND NON-PRINTED AVAILABLE

AIROTHENE

Airothene is low density polyethylene foam, with good shock absorption characteristics and insulating properties. Very flexible and durable due to the cellular structure.

The closed cell structure ensures dust, water and wind resistance.

Available as slit rolls, bags, sleeves and sheets, in different thicknesses. Options include edge guards, U-profiles, air-o-net, pads, pouches and laminated underflooring.

BUBBLETHENE

Bubblethene is an alternative to Airothene. It consists of 2 mm Airothene laminated to 6 mm bubble wrap.

Suitable for furniture wrapping and coverings.

Available as slit rolls, bags, sleeves and sheets.

BUBBLE WRAP

Bubble wrap is a popular, economical packaging material with numerous small air cushions that protect fragile goods and provide cushioning.

(slit, anti-static, bubble bags, bubble sleeves, bubble sheets, different size bubbles)

CUSHION CRAFT

Cushion Kraft is a bubble product laminated with kraft paper on one or both sides. It is often used to protect furniture during transport.

(single side cushion, double sided, spun bond, laminated)

PROTECTIVE WRAPPING

RENNOW PROJECTS

PRINTED AND NON-PRINTED AVAILABLE

JIFFY BAGS

Tough and reliable padded mailing envelopes made from quality puncture and tear resistant kraft paper and filled with recycled paper fibres for maximum cushioning.

PALLET WRAP

We stock a variety of cast/co-ex and mono layer blown stretch films.

They can be manufactured to any colour, length, width and thickness.

Can be supplied on standard 76.6 mm core or 40 mm extended core

Hand and machine pallet wrap is available in standard and custom widths, thicknesses and core sizes.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

POLYSTYRENE COOLER BOXES

Made from expanded polystyrene (EPS), these cooler boxes have insulating properties that make them useful for temperature-controlled packaging, catering and transport.

Expanded polystyrene is approximately 98% air and 2% polystyrene, making these boxes lightweight.

CUSTOMISED TO CLIENTS' SPECIFICATIONS

POLYSTYRENE LOOSE FILL / POOL NOODLES

Polystyrene loose fill supplied in 1/3 m^3 bags.

Pool Noodles available in various colours.

DOUBLE SIDED TAPE

Foam: Double sided tape coated with a solvent based acrylic adhesive.

GDA: Cloth based double sided tape with a high performance synthetic rubber based adhesive.

RDA: Double coated OPP tape with solvent acrylic adhesive.

DUCT TAPE

Laminated polyethylene cloth, single coated with a high tack synthetic rubber adhesive.

FILAMENT TAPE

Filament tape or strapping tape is a pressure-sensitive tape used for several packaging functions such as closing corrugated fiberboard boxes, reinforcing packages, bundling items, pallet unitizing, etc.

FLOOR MARKING TAPE

Floor marking tape is also often known as demarcation tape. It is a thick coloured PVC tape usually in widths of about a few inches. A common application for this tape is to make the yellow lines often found in factories and warehouses.

FOIL TAPE

A high-tensile-strength aluminium foil backing, combined with a solvent acrylic adhesive, protected by an easy-release silicone paper.

CONTACT US TO ENQUIRE ABOUT OUR OTHER ITEMS - info@rennow.co.za

RENNOW PROJECTS

PRINTED AND NON-PRINTED AVAILABLE

FREEZER TAPE

Ideal for labeling and sealing frozen foods.

Special low-temperature adhesive bonds easily and firmly, even on bulky, odd-shaped items.

Apply at or near room temperature to a dry surface. Works well on paper, film and foil.

GUMMED PAPER TAPE

Gummed paper tape is water activated. The gum backing bonds with the cardboard carton to create a strong seal.

MASKING TAPE

Masking tape is a type of pressure sensitive tape made of a thin and easy-to-tear paper, and an easily released pressure sensitive adhesive.

PACKAGING TAPE

Fabricated from premium quality raw material, these tapes ensure excellent adhesion and high durability.

Including Hot Melt and Cold Melt.

PRINTED TAPE

Printed packaging tape can be used as an advertising, security or branding tool. Printing your company name, logo and contact information on packaging tapes creates brand awareness.

CONTACT US TO ENQUIRE ABOUT OUR OTHER ITEMS - 011 057 6004 / WhatsApp 061 514 8053

TAPE

RENNOW PROJECTS

PRINTED AND NON-PRINTED AVAILABLE

PVC TAPE

Available in various colours

REFLECTIVE TAPE

Single layer prismatic polyester construction with adhesive backing.

- Outstanding long distance night time visibility.

* No edge sealing required and no cracking.

- Resistant to power washing and most industrial cleaning processes.
- Easy to cut, handle and apply.

STATIONERY TAPE

Also known as “Cellophane Tape” or “Sticky Tape”, stationery tape is used for general purposes and it can be found in most offices nowadays. This multi-purpose tape is small and compact, easy to use and it comes in handy for fixing torn paper or for a variety of crafts and similar paper-related projects.

The stationery tapes are very economical and they are made from polypropylene along with acrylic adhesive.
